Designed and Produced in Italy

### **Our Story**

*We, in Italy, never stop surprising for our elegance,  
good taste and love for excellence.  
Giorgio was born here ! in 1981.*

*Since then and still today we love what we do,  
what we create, what we generate  
from matching different materials,  
living harmoniously together.*

*We love perfection but many of our pieces are hand-made,  
rarely identical. Each one brings his own character .*

*Inspiration and choice of precious ornaments  
are our first approach, to create unique rare decorative products  
that only Italian taste can put together.*

*Maher and Paola*

### Giorgio brand today

*Giorgio has strengthened its style features: luxury and elegance making these the elements of differentiation towards competitors: "the ability to create a real work of art, unique parts, luxury ones, full of glamour, where project's abilities are totally blended with manual artisans skills, care of details and precious materials', hence the Made in Italy success."*
