Vanity Basins

Our story

In Italy, we never stop surprising for our elegance,
good taste and love for excellence.

Giorgio was born here! In 1981.

Since then and still today we love what we do,
what we create, what we generate from matching
different materials, living harmoniously together.

We love perfection but many of our pieces are
hand-made, rarely identical.

Each one brings his own character.

Inspiration and choice of precious ornaments
are our first approach, to create unique rare
decorative products that only Italian taste can put
together.
